This team, PLEASE circle **A** or **B**

**A** – Won 50 – 100% of its games “THE CHAMPIONS LEAGUE”

New team? Place me in “**A**” THE CHAMPIONS LEAGUE or “**B**” THE PREMIER LEAGUE

Why do we try to divide our age groups into champion’s league and Premier league?

Because some of our divisions have so many teams in them it makes sense to try and divide them by those teams that have experience and those that do not.

The same recreational rules apply to both divisions. It is only a way to try to create better matchups during the season

It is at the coach's discretion which division their teams play in.

We usually like there to be a minimum of six teams in either division to make this work.

**Coaches:** You must collect your team’s complete applications and send them with this form (in 1 envelope).

**YOU CAN NOT ADD PLAYERS TO YOUR TEAM AFTER THIS FORM IS SENT TO THE LEAGUE!!**

(If you do not have all your players we will assign you the others)
